- ✓ Flexible scheduling to minimize downtime
- ✓ Premium manufacturer partnerships and engineer-specified coatings
- ✓ Strong safety culture with EMR of 0.95
- ✓ Long-term asset protection and lifecycle cost reduction

PAST PERFORMANCE

C-44 PUMP STATION

Performed polyurethane injection and grouting to eliminate active water intrusion and restore dry operating conditions in the pump gallery.

WALPOLE TRUCK PLAZA

Installed a stainless-steel floor trough drainage system, prepared surfaces by grinding and shot blasting, and applied epoxy and polyaspartic flooring systems.

KOLSHAK INDUSTRIES

Sandblasted municipal pumps and piping and applied NSF-certified protective coatings supporting municipal pump rehabilitation projects.

MANUFACTURER PARTNERS

SHERWIN WILLIAMS

QUALITY WORKMANSHIP BUILT TO LAST
